EASTERN SUBURBS FC CLUB STATEMENT – NPL WOMEN'S / GIRL'S PROGRAM 2021 ONWARDS

Eastern Suburbs FC (ESFC) acknowledges the changes announced by Football Queensland this week affecting the NPL women/girls' program.

ESFC has seen many changes in the girls and women's programs and worked co-operatively in compliance with the various changes and programs over many years.

With the strength of our program, technical director, coaches, administration and volunteers and being a genuinely long-term supporter of girls/women's football, we will adapt quickly and successfully and continue on with our aim of finishing the season at a high standard while also preparing an excellent program for 2021.

We wish to thank our parents, players and supporters for what has been an unprecedented year. We are very grateful for your continued understanding, resilience and support for the girls, the women and the Club.

ESFC are now in the process of working with Football Queensland to clarify our proposed squad selections under the new team guidelines for season 2021. We hope to clarify this at the latest by the end of next week after which we will proceed to send out offer letters which will state the squad each player is selected in.

If you have any questions regarding our NPL Women's and Girl's program or SAP girls program please email our Technical Director Tass on eastsdoc@eastsootball.com or Trish on info@eastsootball.com

#NPLQLD #yehthegirls

Yours faithfully

Glen Brown
